VIAVI

THE VIAVI SYSTEM OF TREATMENT FOR Mothers AND Daughters

Follows the only lines Science has yet revealed for the restoration of a sound physical condition in a perfectly natural way. It is based on the law of absorption. It brings about curative results by assisting Nature to regulate the circulation, thus building up the parts and causing every organ to perform its function properly. VIAVI is entirely free from alcohol, narcotics or any other injurious substances.

Gerhard Heintzman
Satisfaction

THE possessor of a Gerhard Heintzman Piano secures something more than its beauty of tone, excellence of design and durability of construction. Far above all these evidences of mechanical perfection there is that intangible something that our musicians have well named, "Gerhard Heintzman satisfaction," the conciousness of owning the best.

We cordially invite an examination of our stock of these superb instruments.

ONE OF THE MANY STYLES

Owing to the many requests from ladies all over Canada for a special women's shoe, built on the most approved modern lasts, to sell at a moderate price, we have gone about the production of the Victor Shoe for Women. The success we have had with Victor Shoes for Men has helped us very considerably in getting out this ladies' shoe, and we think our customers will agree that "Victor" Shoes for Women equal the very best American shoes sold. PREFACE.

THE Fourth edition of the SOCIETY BLUE BOOK possesses some features which we trust will entitle it to retain the high place in public favor that has been accorded its predecessors. We desire especially to thank our lady patrons for their cordial appreciation of our efforts.

Neither time nor money has been spared to make this work as complete and valuable as possible. The difficulty attending the compiling of such a book can be easily appreciated; and we therefore trust that any omissions will be brought to our notice, that they may be corrected in future. We hope to make the SOCIETY BLUE BOOK as nearly perfect as it is possible to make such a volume.

We do not claim the BLUE BOOK is either a City Directory or absolutely an Elite Directory; neither do we pretend to pass upon the social or financial standing of the parties whose names are contained therein. It is simply a compilation of about two thousand names of the most prominent householders of Toronto, Hamilton and London, and numerous smaller towns, published in the most convenient form for reference by our lady patrons.

The title, "BLUE BOOK," is given the work because of its blue cover. It does not refer to blue blood, as many people suppose. Webster's definition of Blue Book is as follows: "Blue Book — a book containing a list of fashionable addresses."

The data for this work have not been compiled from circulars or from other directories. Experienced men, particularly adapted for such work, have been assigned to each locality, and the greatest care has been used in selecting these names.

Please send any information you may have that will aid in keeping the records correct to Wm. Tyrrell & Co., 7 King Street East, Toronto, Ont.

The highest technical and artistic excellence in . . .

Spectacles and Eye-Glasses

We are now making up, day by day, singularly beautiful glasses in spectacles and pince-nez — high grade in quality — accurate in lenses—exquisite in design—comfortable in fit—and in models, as far as possible, appropriate to the faces of the prospective wearers.

And for prescription glasses, we do not, as in the past, send to New York and other cities for special lenses, involving tedious delays; the surface grinding machinery now installed in our shop produces these day by day on short notice, with much satisfaction to ourselves and customers.

We respectfully solicit your prescription and other orders, our workers' technical knowledge and admirable facilities generally being at your service.

ONTARIO'S FAIR WOMEN

will delight to know that they may inspect a new invention applied to POMPADOUR BANGS, WAVES, ETC., that is the most radical departure from old-fashioned styles ever presented, while at the same time imitating nature to the very zenith of perfection. . . .

AS IS WELL KNOWN

the very best method known heretofore of making A PARTING in Hair Goods has been by means of Hair Lace. This has always been more or less artificial, and to improve upon it was the task to which MR. PEMBER addressed himself. That he has succeeded beyond even his own expectations is shown in the NEW PARTINGS which

ARE BEAUTIFUL

beyond description, and absolutely show the hair at THE PARTING growing out of the scalp, exactly as upon the human head. Not one person in ten thousand would have even a suspicion of artificiality even upon the closest scrutiny. We want you to see this wonder in HAIR GOODS before you think of buying elsewhere, and remember the only one place showing it is **THE PEMBER STORE**

Montreal, June 14, 1894

I hereby certify that I have analyzed the sample of Radnor Water received from the Canada Iron Furnace Co., Limited, and find the following results in 10,000 parts of water:

Chloride of Sodium....	14.354	Bicarbonate of Sodium..	1.167
Chloride of Potassium..	.211	Carbonate of Lime.....	2.940
Sulphate of Sodium....	.210	Carbonate of Iron.....	Traces
Sulphate of Magnesia..	1.262	Silica	.145
Bromide of Sodium....	.080		
		In 10,000 parts of water..	20.899

"Purely natural water, brilliant, sparkling, and delicate to the taste."—*The Lancet*, London, Eng.

"Radnor is a most refreshing and palatable mineral water for table use, and mixes well with any wines or spirits. It deserves to take its place in the front rank of table waters."—*The Nursery News and Hospital Review*, London, Eng.

LADIES' SKIRTS
Cleaned, Dyed and Pressed

Every society woman in Toronto should remember the fact that many a worn skirt would look as good as new and begin its useful life all over again, if she brought it to me for repairs, for cleaning, for dyeing, or for pressing, or for all of them at once. Charges very moderate.

SMITH'S

"NEW LAMPS FOR OLD"

Commerce has its brilliant triumphs, just as much as any of the arts, and chief amongst the inventions of recent times is the wonderful system of renovating goods as practiced by Messrs. Smith, Toronto Dye Works, Toronto.

Here, as if by magic, articles of personal wear, deemed as hopelessly soiled, are restored to freshness and beauty. By the new patent Smith process of dry cleaning, soiled garments are perfectly cleaned, without the appearance or texture suffering in the slightest. Moreover, no unmaking of toilettes or gowns is necessary, the most elaborate costume being cleaned whole. Silks and satins of the loveliest texture, and laces and muslins of the most delicate make, up to the heaviest cloths are treated with ideal success; even such difficult things as furs and velvets are made to bloom anew. In the household department, lace curtains, blinds and carpets are revived and cleaned beyond all praise, while dainty chintz hangings are made to receive an exquisite glaze by means of an agate stone. Messrs. Smith have branch offices in some towns, where price lists can be obtained (and I may mention that prices are extremely moderate), or write direct to the firm.

WHAT IS A MASON & RISCH PIANO?

A Mason & Risch Piano is not simply a mechanical structure made along certain well-defined lines. It is the product of genius, the result of investigation, the culmination of the study of over two centuries. It involves the selection and application of all that is good by those who know precisely what is good and the rejection of anything and everything that is not good.

MASON & RISCH PIANOS

Include everything that appeals to the tastes of the critical in music and to those who know the nature of piano construction. A third of a century has firmly entrenched them in the affection of the music loving people of Canada. No one purchasing a piano now would do himself justice by neglecting to investigate fully the merits of the Mason & Risch.
